

MOKSHA VOYAGE

Moksha Voyage

India's First End-to-End Digital Cremation Platform

A transformative solution for dignified last rites
through digital innovation and compassionate service

Governance & Leadership Hierarchy

The Heartbreaking Reality

Families Facing Loss in Crisis

Emotional Turmoil

Families overwhelmed with grief while navigating complex procedures

Financial Burden

Unexpected costs and lack of transparent pricing during vulnerable moments

Administrative Chaos

Multiple visits to different offices, unclear documentation requirements

Time Pressure

Urgent deadlines with limited support and guidance

Broken Funeral Ecosystem

Fragmented Services, Fractured Experience

Scattered Providers

Multiple vendors requiring separate coordination and trust verification

No Standardization

Inconsistent service quality with no regulatory oversight or guarantees

Digital Absence

Limited online presence with outdated payment and booking methods

Transparency Gap

Hidden charges and unclear pricing structures exploit vulnerable families

A Nationwide Social Challenge (Dummy Data)

Market Size and Urgency

8.9M

Annual Deaths

8.9 million deaths occur annually in India, representing a massive market opportunity

₹25K

Average Spend

Average family expenditure per funeral across urban and semi-urban areas

₹225K

Total Market

Estimated annual market value of ₹225,000 crores in funeral services

Urban Penetration

Growing digital adoption in metro and Tier-1 cities creates immediate market entry opportunity

Rural Gap

Over 65% of India's population lacks access to organized funeral services

Growth Trajectory

Market projected to reach ₹350,000 crores by 2028 with increasing urbanization

Our Solution: Moksha Voyage

Seamlessly Connecting Families with Dignified Last Rites

Digital Platform

Single mobile application connecting families to verified service providers

Trusted Network

Rigorous vetting of crematoriums, priests, florists, and transport services

Transparent Pricing

Fixed packages with upfront pricing and secure digital payments

Calling Relatives

In times of loss, reaching out to extended family and friends can be an added burden. Moksha Voyage compassionately assists families in notifying and coordinating with relatives, ensuring everyone is informed and supported.

We help manage communication and logistical details, allowing you to focus on grieving and remembrance, knowing your loved ones are connected.

Body Transport Services

Moksha Voyage provides reliable and dignified body transport services, ensuring the departed are moved with the utmost care and professionalism.

We specialize in seamless coordination and logistics management, ensuring timely delivery to crematoriums or designated funeral venues. Our experienced and compassionate team handles every aspect of the transit process, allowing families to avoid logistical burdens during their time of grief.

By managing the complex details of transportation, we guarantee a respectful and punctual experience, providing peace of mind for families as they focus on honoring their loved ones.

Decorated Hearse Van Services

Moksha Voyage offers elegantly decorated hearse vans, adorned with white flowers and traditional garlands. This thoughtful presentation honors the departed, ensuring a dignified final journey.

The aesthetic and respectful ambiance provides immense emotional comfort to grieving families, allowing them to bid farewell in a serene and beautiful setting.

Integrated Service Ecosystem

End-to-End Coverage Through Partner Network

Comprehensive Service Journey

Every Step Handled with Care

Traditional vs Digital Experience

Traditional System

- ➡ Multiple visits to different offices
- ➡ Unclear pricing with hidden charges
- ➡ Manual payments in cash
- ➡ No service guarantees
- ➡ Stressful coordination
- ➡ Time-consuming process
- ➡ Lack of transparency

Moksha Voyage

- ➡ Single digital platform
- ➡ Transparent fixed pricing
- ➡ Secure digital payments
- ➡ Quality service assurance
- ➡ Seamless experience
- ➡ 24/7 support
- ➡ Complete peace of mind

Technology Platform

Secure, Scalable, and User-Centric

Mobile App

Intuitive interface for iOS and Android with voice assistance

Secure Payments

PCI-DSS compliant with encrypted transactions and fraud detection

GPS Integration

Real-time location tracking for service providers and family coordination

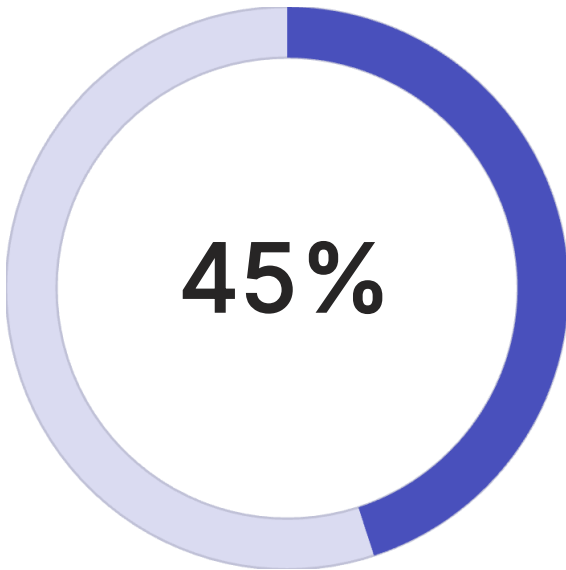

Cloud Infrastructure

Scalable architecture handling peak demand during festivals

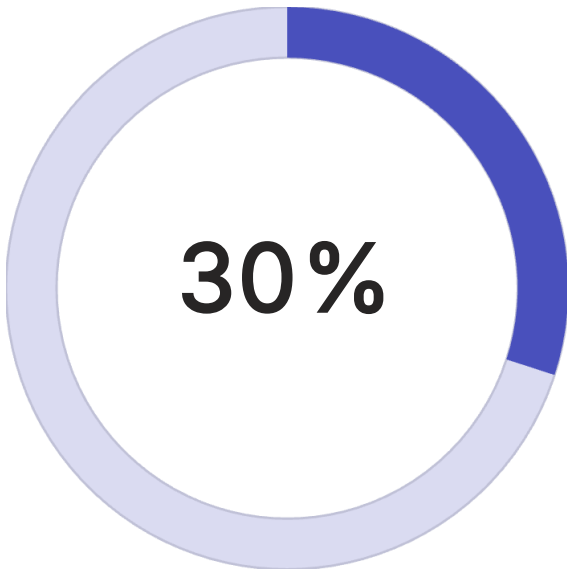

Market Opportunity (Dummy Data)

Strategic Market Segments

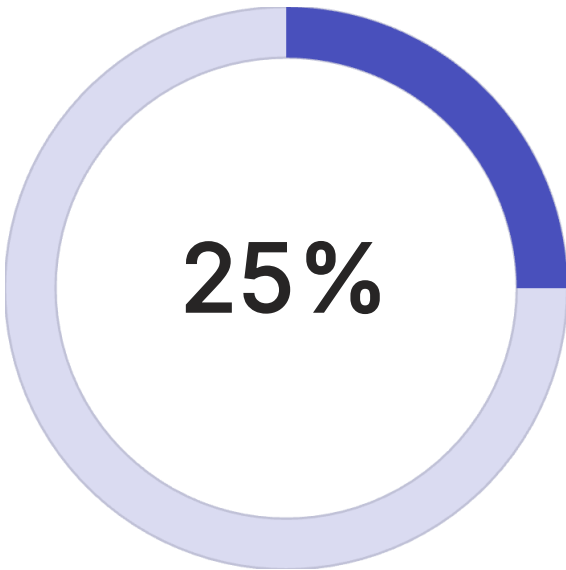

Urban Families

Primary target segment in metro and Tier-1 cities with digital readiness

Semi-Urban

Growing middle-class families with increasing disposable income

Rural Reach

Long-term expansion to underserved areas through partner network

Geographic Focus

Metro cities: Delhi NCR, Mumbai, Bengaluru, Pune, Hyderabad

Growth Strategy

Phase 1: Metro cities with 40% penetration by Year 2
